Dear Mr. Reyes,

Thank you for your delightful performance at the Rembrandt Club's Christmas party last Friday. You made the event fascinating and fun.

Your baffling skills and engaging manner kept everyone at each table mystified and amused as you moved from group to group with, it seemed, a new set of tricks for each. You must have been pleased with the ovation at the end, and I've been hearing lots of good comments since the party.

You may certainly mention the Rembrandt Club as an enthusiastic audience for your magic.

Sincerely,

Doris Stephens
Program Organizer
